We are responsible for all the commercial aspects of the import supply chain, ensuring we make life easier for our customers no matter where they are in the world.

People are the Foundation of our Performance

We are passionate about taking on challenges and making an impact in the areas of Oil and Freight Trading, Cargo and Shipping Operations, Commodity Financial and Operational Risk Management and initiatives that support the Ampol Australia businesses.

We seek to find new ways in all that we do. Our culture is open and team-orientated, and we are seeking individuals who enjoy achieving goals in an environment that fosters personality, community and diversity.
