## Asia's Leading Agribusiness Group

Wilmar International Limited is today Asia's leading agribusiness group. We are ranked amongst the largest listed companies by market capitalization on the Singapore Exchange.

At the core of Wilmar's strategy is an integrated agribusiness model that has driven our growth from a trading company to a listed global company and a significant player in agricultural-related businesses in Asia.

On this foundation, we continue to invest in our human capital. We make every effort to enhance the skills, knowledge, experience and wellbeing of our people in order for them to cope with the demands of the job and perform to their level best.

## Our Core Values

## Why Join Us

*Every single day in office presents me with new challenges to tackle and new knowledge to acquire, which makes the job an interesting and enriching one. On top of this, by working in a company with a global footprint, I have had numerous opportunities to travel abroad for meetings, conferences and attachments. All these exposures have provided me with a holistic environment to learn my ropes as a junior trader in the company.*

- **Ang Wei Sheng, Trade Support (Palm/North Asia)**

*Wilmar offers opportunities to its employees in understanding more of its business operations. As long as you have the willingness to learn and is proactive in doing so, there is room for expanding your knowledge. Having the right attitude is important and I am thankful for being able to work alongside great colleagues and supervisors.*

- **Katherine Ng, Group Accounts**

*Wilmar is a dynamic and exciting organisation where people and ideas matter. It fosters a culture of integrity, innovation and inclusivity in carrying out business with people from all walks of life. If adventures and experiences matter to you, Wilmar is the place for you. Known for its commercialisation expertise across the Agriculture & Food value chain, Wilmar offers many opportunities and challenges to contribute to, learn from and live for. I have been with Wilmar for over 9 years now and will definitely recommend it for budding leaders and hands-on knowledge seekers.*
