# Get on the fast track to success

## Become a UOB Personal Wealth Executive

More than just financial training, the UOB Personal Banking Programme prepares you for a deeply rewarding career. As a Personal Wealth Executive, you can take on more responsibilities and enjoy fast progression early in your career. The role also provides interesting new challenges every day, developing you into an innovative individual with a great set of transferrable skills.

# A Career in Wealth Management

## Structured training programme

At UOB, we are committed to build up your skills and capabilities through a structured training programme specially designed and conducted by professional trainers.

The training programme includes:

- Insurance and investment products training
- Client engagement
- CMFAS certifications
- E-learning modules

## Strong support and coaching

At UOB, we are advocates of a supportive work environment. We have dedicated experts designing and planning your engagement opportunities. You will also benefit from the structured coaching programme with your manager.

## Recognition and progression

You can look forward to a competitive and attractive total remuneration in line with your efforts and results. More details will be shared during the recruitment process.

Our goal is to nurture you to be ready to take on more responsibilities and enjoy fast progression early in your career, with opportunity to progress to other roles within the Bank.
