

Rice at a Glance

LDC is a world-leading rice merchandizer, sourcing from multiple origins to satisfy rising global demand for rice.

From its inception in 1999, our Rice Platform has rapidly built a leading position in the global rice market.

We source and process paddy, brown and milled rice from China, Thailand, Vietnam, Pakistan, India, the US, Brazil, Argentina, Peru, Paraguay and Uruguay. Through synergies with our Freight Platform, we serve major destination markets across Africa, the Middle East and Asia.

Our business has expanded significantly over the years, broadening its activities and global influence in the market by developing lasting relationships with customers and suppliers alike, based on trust, reliability and sound risk management principles and practices.
