

plan our future together

The **Urban Redevelopment Authority** is Singapore's land use planning and conservation authority. We strive to create an endearing home and a vibrant and sustainable future city through far-sighted planning and innovation, in partnership with the community.

If you are passionate and want to have a hand in shaping Singapore, join our team of:

Urban Planners who draw up land use plans for Singapore and guide efforts to bring these plans to reality.

Architects who shape the distinctive Singapore's skyline and streetscapes through good urban design.

Civil Engineers who oversee key infrastructure and provide civil engineering and geotechnical expertise for our land development work.

Systems Analysts who analyse geospatial data, design and implement web platforms and identify good business processes and solutions.

Property Market Analysts who analyse and generate real estate information to ensure the transparency of Singapore's property market.

Visit us at www.ura.gov.sg/career for application and more information.
For enquiries, reach out to us via ura_career@ura.gov.sg.
