Get started with Air Liquide by bringing your passion Student & Fresh Grad Programs

Conception - réalisation : Les Super Héros

Did you know that Air Liquide adds the satisfying bubbles to your favorite beverages?

That we invent nanoscale solutions used in your smartphones and connected objects?

That we create innovative and competitive products and services to improve patients' quality of life in the hospital or at home?

Or that we are developing hydrogen energy for a more sustainable world through cleaner transportation?

“ Through the passion and diversity of its people, Air Liquide advances the energy and environment transition, changes in healthcare and digitization, and delivers greater value to all its stakeholders. Join us for an exciting experience: you'll find a world of learning and development opportunities where inventiveness is at the heart of what we do, in an open, collaborative and respectful environment.”
