Vigcon is a main contractor offering a full suite of services to clients in the residential, industrial, commercial sectors. Projects that we undertake include new building works, additions & alterations (A&A), refurbishment to existing buildings and design & build.

Our greatest strength is in undertaking fast-tracked and complex A&A projects that require closed supervision and resources that are readily available. We possess these 2 crucial criteria in undertaking A&A projects and have earned a good reputation in this area.

We are honoured to be a recipient of the prestigious Enterprise 50 Award 2013. Being ranked among the top 50 enterprise in Singapore is a recognition of our achievements and an important milestone as we enter into our 25<sup>th</sup> year of business.

Vigcon endeavors to continually develop our people, improve and advance our equipment, technology and work processes to handle larger and more complex projects.

*Join us! Be part of our growing and dynamic team; discover how you can build a long term career with us and experience how we uncover the potential in you!*
