

ARE YOU READY TO TAKE THE LEAD?

ASEAN Graduate Programme

About Linde

Linde is a leading global industrial gases and engineering company with 2019 sales of \$28 billion (€25 billion). We live our mission of making our world more productive every day by providing high-quality solutions, technologies and services which are making our customers more successful and helping to sustain and protect our planet.

The company serves a variety of end markets including chemicals & refining, food & beverage, electronics, healthcare, manufacturing and primary metals. Linde's industrial gases are used in countless applications, from life-saving oxygen for hospitals to high-purity & specialty gases for electronics manufacturing, hydrogen for clean fuels and much more. Linde also delivers state-of-the-art gas processing solutions to support customer expansion, efficiency improvements and emissions reductions.

About the ASEAN Graduate Programme

Over a period of 16 months, you will build a solid foundation of how our business works and get an opportunity to collaborate with a highly talented and diverse workforce on various projects. This may include an 8-month overseas assignment within ASEAN if travel restrictions are lifted.

You will be given maximum exposure and depth of learning within your chosen role to broaden your understanding in various topics such as project execution, general and business management, and special development projects.

Mentoring will also be a big part of the programme. You will have a senior leader as your mentor and be supported by peers and an extensive network of employees who will partner you in this journey to contribute to your success.

We believe that providing challenging and exciting roles will give you the opportunity to break new ground and help shape the business. You will benefit from the breadth and depth of experiences and begin your journey as a leader in Linde.

Who are we looking for

We're looking for graduates for the following roles in Singapore:

- Operations: Bachelors in Chemical, Mechanical or Electrical Engineering

Besides the qualifications, you are also required to meet the following criteria:

- You should have less than 2 years of working experience upon graduation.
- You should be a Citizen or Permanent Resident in the country you are applying for.
- You must have ambitions to be a future leader and a natural ability to lead and inspire.
- You must possess a global mind-set and be open to international assignments within ASEAN.
- You must be able to adapt to working in multicultural and diverse teams and possess strong communication skills and exceptional self-motivation.
- Proficiency in English is a must.

Your path to selection

- Submission of Application: 04 Jan - 14 Feb 2021
- Virtual Assessments and Interviews: 19 Feb - 14 Mar 2021
- Shortlisted candidates will be invited for Face to Face or Virtual Interviews.
- Pass this final hurdle and you will be onboard the programme!

Are you ready to take the lead?

Applications open till 14 Feb 2021 <https://bit.ly/2KNliSM>
