Learning Reimagined

## Want to invest in your future?

We want to help.

We've done extensive research to identify the **5 skills** that will be crucial to your success in the workplace of the future, and we've crafted **five** interactive virtual sessions to help you build and practice each skill.

01

### Leveraging Change

In changing situations, the ability to understand how to seize or create opportunities to adapt and succeed

02

### Learning to Unlearn

The conscious process of letting go of no longer useful mindsets and actively adopting new mindsets and behaviours to inform effective decision-making and action

03

### Resilience

The ability to absorb and recover from, or successfully adapt to, adversity or significant sources of stress

04

### Acute Emotional Intelligence

The ability to observe our own and others' feelings and emotions and use our learnings to guide our thinking and actions

05

### Partnering with Artificial Intelligence (AI)

Learning how to work with AI in a collaborative, constructive partnership, so that the outcomes of the partnership are greater than could be achieved alone

### What to expect

Each session will be filled with **top tips** and insider knowledge of how to build the skill. A **bp specialist** will be present at each session to share their unique experience with each skill and discuss their role at bp.

You will walk away from each session with tools you can use **immediately**.

Let us help equip you with the skills of the future. Learn from home, learn for **free**!
