

Next is Now. Ready?

Keysight Career Opportunities for Students and Graduates

Innovating at the speed of technology isn't easy. That's why we at Keysight value the contributions of students and graduates. You bring unique viewpoints, fresh perspectives, the latest in research and technology, and, most importantly, a desire to shape the technological landscape.

You aren't done learning, and neither are we. Join Keysight and help us develop the industry's most advanced electronic design, test, manufacturing, and optimization solutions.

Who are we?

As a market leader in measurement science, Keysight is at the heart of the technology revolution. We help the world's greatest thinkers and innovators bring their technologies to market first and to help connect and secure the world. This mission inspires our global team of over 12,000 employees to anticipate technology trends and blaze trails.

Join Keysight and help us deliver what's next now.

The experience and technical knowledge you gain is unparalleled, and the Keysight culture has a great vibe to it.

— Ejaj, University of Manchester

Why Keysight?

- You'll work with **innovative technical experts** around the world, putting into practice the skills and knowledge you have acquired throughout your education.
- You'll work in a culture that embraces a **fearless vision** of where technology can take us and possesses the **courage and passion** to tackle challenging problems with simple, smart, results-oriented solutions.
- You'll work for a company that knows that breakthroughs flourish in **diverse, inclusive and collaborative work environments**.
- You'll be part of a company that's recognized for its commitment to **socially and environmentally responsible business practices**.
- You'll be eligible for **Pay and Benefits** packages designed to meet or exceed the value of those of our top competitors.
- You'll work for a company that **invests in our interns** and hires them into regular jobs after graduation whenever possible.

A Strong Culture

Our culture is guided by doing what's best: for the company, our customers, our employees, and our communities. It's nimble, collaborative, diverse, respectful, supportive, and safe. It values all ideas, especially bold ones that accelerate innovation.

A Dynamic Environment

Innovation and experimentation reign supreme at Keysight. You'll be encouraged to challenge assumptions, anticipate change, and deliver breakthroughs every day. This environment supports employees throughout their careers, connecting their passion and drive to business results.

Social Responsibility

We adhere to the highest standards of ethics, integrity, environmental sustainability, and social responsibility. We treat each other with respect so that all of our employees can enjoy challenging assignments, development opportunities, competitive salaries, and a safe environment.

Competitive Rewards

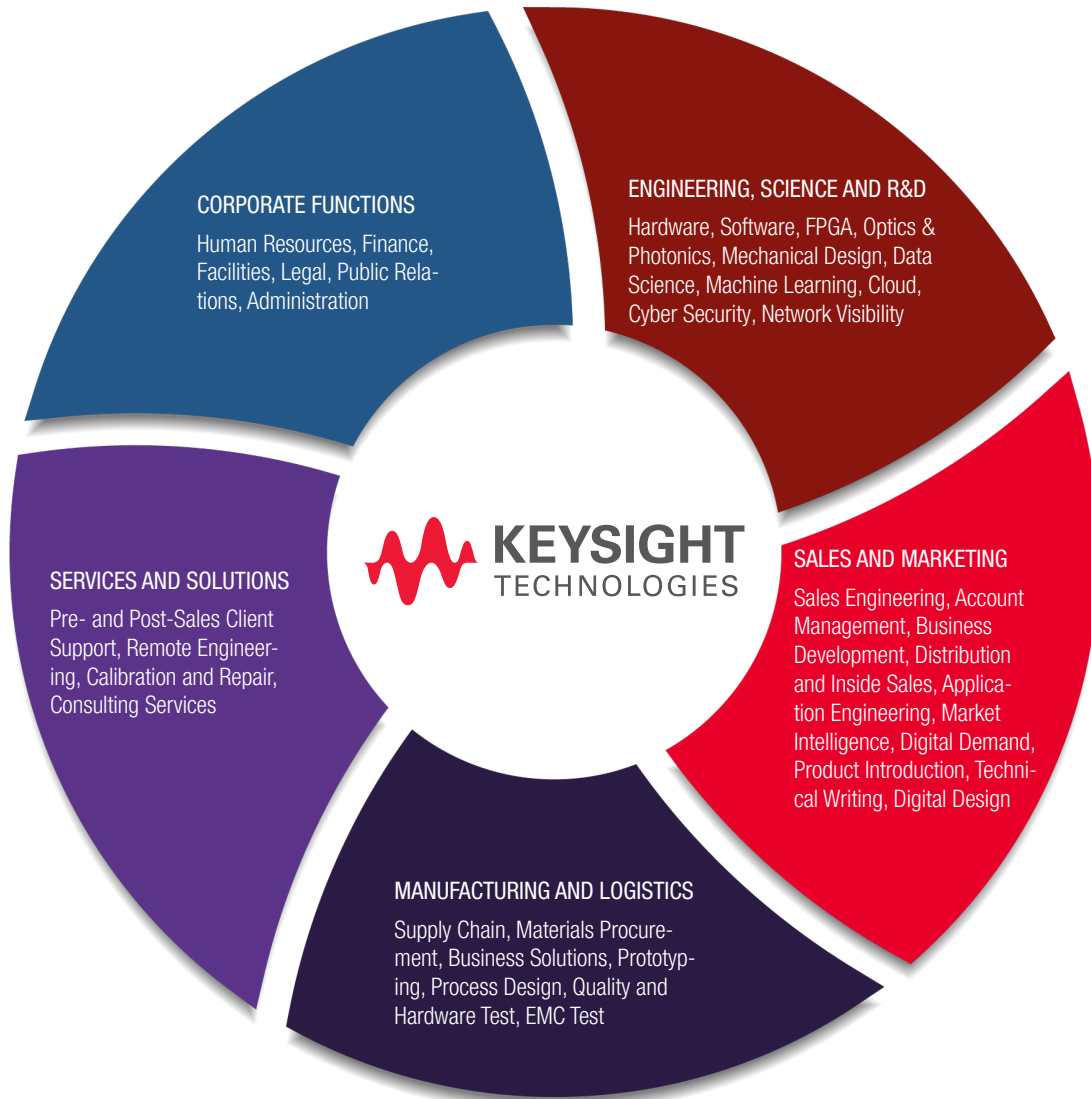

We offer a competitive benefits and pay portfolio that fits your needs and rewards high performance. Work/life balance, community involvement and employee development are fundamental to our business process.

“At Keysight, we understand that everyone learns and functions differently, and we create an environment that molds to that.”

— Rachel, Georgia Tech

What are we looking for?

Every year we hire hundreds of the best students around the world for internships and full-time employment in software and hardware engineering, Sales, Marketing, Customer Service and more. Our goal is to attract top students with the diversity of viewpoint and experiences that help us remain a business leader. Of particular interest: individuals who have or are working on BA, BS, MS, MBA or Ph.D. degrees in Computer Science, Computer Engineering and Electrical / Electronic Engineering.
