Enhancing Singapore's Mobility Experience

Car-Sharing Service Provider

As the first Car-Sharing service provider in Singapore, Car Club provides quality and affordable access to vehicles for a dependable Car-Sharing experience, without the need to own one. Since 2016, Mitsui & Co. has been a majority shareholder of Car Club.

To enhance the mobility experience in Singapore, Mitsui & Co.'s investment in both Willers Pte Ltd, and Car Club has led to the launching of one of Asia's very first fully operational self-driving vehicles. Currently operated by Willers, the autonomous (driverless!) vehicle mobility service (named Auto Rider) was launched on 26th October 2019 at Gardens by the Bay, and on 3rd December 2020 at Jurong Lake Gardens.
