# verifyt Platform

3D Scanning Mobile App

Our easy to use mobile app is powered by the latest advancements in photogrammetry, computer vision, and AI to capture precise 3D models

- **Precise:** 3D models with up to +/-0.5mm accuracy
- **Fast:** Scan & view 3D models in less than 2 minutes
- **Easy:** Intuitive, easy to use mobile interface
- **Proven:** Medical-grade reliability, FDA Class II approved

Cloud Web Portal

Our fully customizable cloud platform supports all of your 3D needs, integrating with your company's IT infrastructure or business processes to streamline operational efficiencies, automate post processing tasks, and reduce costs. Modules offered include:

- **CAD/CAM Suite** • **Automatic Measurement Extraction**
- **Virtual Fitting Simulation** • **Custom Order Flow Management**
- **3D Database Management** • **Data Analytics**

Benefits

- ⬡ Reduce return rate
- ⬡ Increase customer satisfaction, loyalty & retention
- ⬡ Increase in-store/website traffic
- ⬡ Scale a custom-fit offering
- ⬡ Streamline operational efficiencies
- ⬡ Reduce manufacturing turnaround and cost
